

As your Representative, I will continue to fight to ensure that our nation keeps its promises - from adequate health care to opportunities for educational and economic success – to those who have honorably sacrificed to defend our country.

If you are a veteran and are experiencing difficulty in obtaining the benefits you deserve, please [contact my office](#)

and my staff will be happy to help you. Below you will find links helpful to veterans and you can also read about

. My district-wide veteran liaison in my Durham office can also help with questions or concerns (919.688.3004). If my office can help, be aware you must first complete a privacy authorization form to comply with the provisions of the Privacy Act. Please

and then fax or mail it to the Durham office listed on the form. You may also want to provide your email address on the form. You must provide my staff with any paperwork you have regarding your case. This might include letters from the agency in question, or other forms and documents relating to your problem.
